About Us:

Asakura Robinson is a planning, urban design, and landscape architecture firm which strengthens environments and positively impacts communities through innovation, engagement, stewardship, and an integrated design process. Our employees are leaders in social and environmental design. As a firm, we strive to assist visionary clients to spur positive change. We focus on engaging communities in ever more diverse project contexts while maintaining a high level of creativity and collaboration in every endeavor.

Our studio is located in a growing urban neighborhood next to downtown, close to transit. As a small office that is joined together by our common beliefs and philosophy, we encourage our staff to be actively engaged with the community, serve on boards, committees, etc. With offices in Houston, Austin, New Orleans and Minneapolis, we emphasize collaboration between studios and disciplines, with a focus on industry best practices and innovation.

We are seeking entry-level landscape designers to join our team, who enjoy working in a fast-paced, creative environment. Candidates should have experience and interest in technical documentation and bring a strong desire to learn and support the team.

Skills Required:

- Proficiency in construction documentation and ongoing desire to advance technical skills
- Diverse project experience with an emphasis on public-sector, institutional, and urban public space projects
- Strong knowledge of AutoCAD, Adobe CC, Office 365, SketchUp Pro or other rendering software
- Knowledge of grading, hardscape, cost estimation and technical aspects of landscape architecture is a plus
- Must be able to meet deadlines, self-manage, and work both independently and in a team setting
- A high degree of self-motivation, responsibility, flexibility and resourcefulness
- Excellent organizational skills
- Excellent internal and external communication and collaboration skills. Bilingual abilities are a plus.
- Passion to support social equity within a community of your choice via committees, etc.
- LEED AP / Sustainable Sites / PLA credentials are a plus
- Public speaking and interview skills are a plus
- Interest in urban design and planning is a plus

Other Requirements:

- Ability to travel: Conference attendance as desired and local project-related travel as required, including project-related site visits
