**Dates to Apply:** 2/17/2020 – 3/17/2020

**About Us:**

Asakura Robinson is a planning, urban design, and landscape architecture firm which strengthens environments and positively impacts communities through innovation, engagement, stewardship, and an integrated design process. Our employees are leaders in social and environmental design. As a firm, we strive to assist visionary clients to spur positive change. We focus on engaging communities in ever more diverse project contexts while maintaining a high level of creativity and collaboration in every endeavor.

Our studio is located in a growing urban neighborhood next to downtown, close to transit. As a small office that is joined together by our common beliefs and philosophy, we encourage our staff to be actively engaged with the community, serve on boards, committees, etc. With offices in Houston, Austin, New Orleans and Minneapolis, we emphasize collaboration between studios and disciplines, with a focus on industry best practices and innovation.

We are seeking a senior landscape designer who enjoys working in a fast-paced, creative environment. Candidates should have demonstrated project management skills, strong technical and QA/QC abilities, experience with all phases of design and production, a desire to mentor junior staff, and a strong affinity for community involvement. The designer is expected, if not already licensed in Texas, to immediately begin working toward local licensure.

**Skills Required:**

- Proficiency in construction documentation
- Excellent project management skills; proven ability to lead and coordinate multidisciplinary teams
- Strong knowledge of grading, drainage, hardscape, planting, specifications, permitting, cost estimates and technical aspects of landscape architecture
- Construction administration experience including periodic site visits to review site progress, responding to RFI's, reviewing submittals, preparing punch lists.
- Strong knowledge of AutoCAD, Adobe CC, Office 365, and SketchUp Pro or other rendering software. Experience using Plangrid software is a plus.
- A high degree of self-motivation, responsibility, flexibility and resourcefulness
- Public speaking, presentation, and interview skills
- Experience with a range of consultants and clients
- Must be able to meet deadlines, self-manage, and work both independently and in a team setting
- Excellent internal and external communication and collaboration skills. Bilingual abilities are a plus.
- Passion to support social equity within a community of your choice via committees, etc.
- LEED AP / SITES / PLA credentials are a plus

**Other Requirements:**

- Ability to travel: Conference attendance as desired and project-related travel as required, including project-related site visits
